SPECIAL NEEDS MATTRESS

MAXIMUM COMFORT FOR YOUR MATERNITY, HOSPITAL & SHOW COWS
AND BULL STALLS, PENS & COLLECTION ROOMS

PROMAT'S SPECIAL NEEDS MAT PROVIDES EXCEPTIONAL COMFORT AND SECURITY FOR YOUR MATERNITY, HOSPITAL & SHOW COWS. ALSO, PERFECT FLOORING FOR YOUR BULL PEN.

With over 25 years of experience enabling dairy producers around the globe to maximize productivity by utilizing our comfort-engineered bedding and mattress solutions, Promat continues to be the industry leader by offering this specialty mattress solution to provide your special needs animals with a comfortable and stable footing surface.

Comfort and Health Benefits

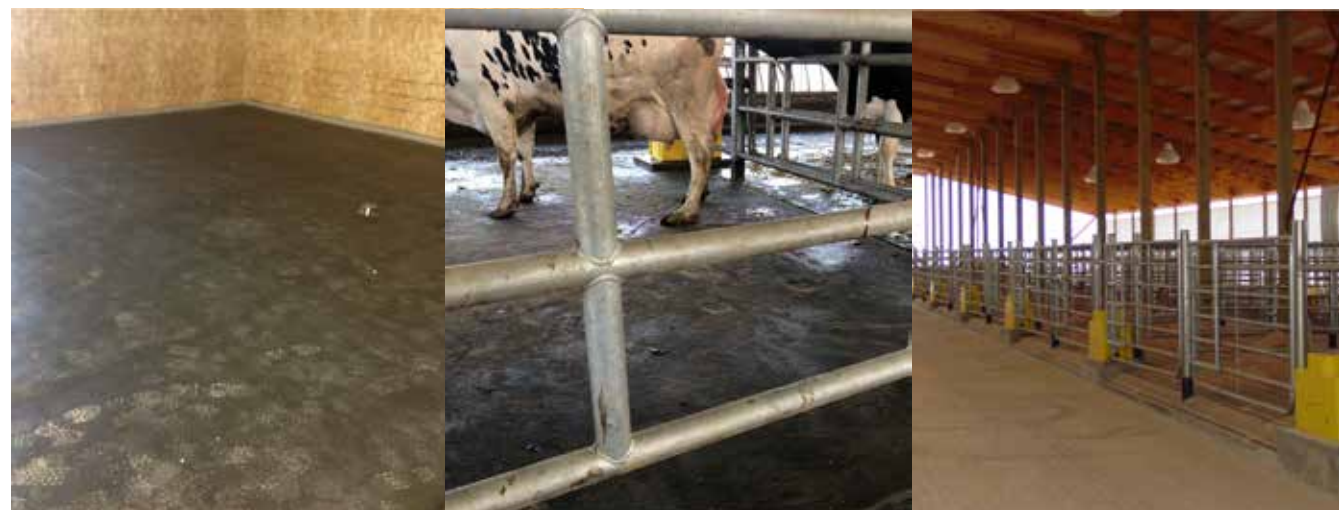

- Providing cushion and a stable footing allowing the cow to get up and down easily
- Non-abrasive top cover offers additional comfort
- Waterproof fabric allows for disinfecting between calving cows to help eliminate the spread of disease

Operational Benefits

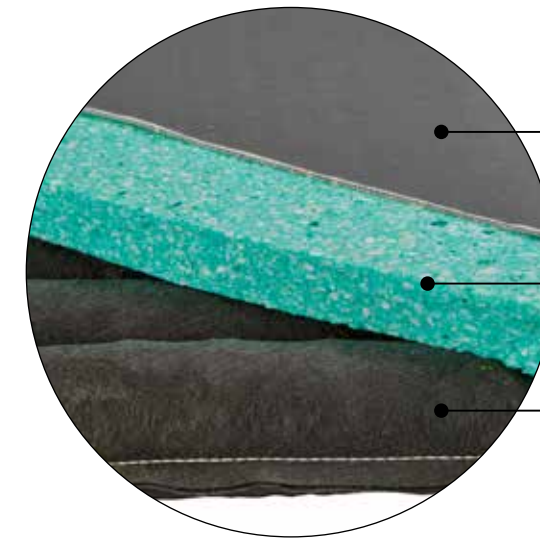

- Easy to install and clean
- Next to no maintenance required
- For Bulls in Collection Rooms: Allows them to maintain traction while semen is collected and provides cushion from a fall that may result in injury

Financial Benefits

- Additional comfort accelerates the healing process
- Increases the likelihood of risk-free calving

SPECIAL NEEDS MATTRESSES

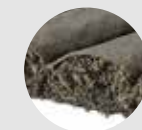

HRC Top Cover

Comfort Pad available in 3/4" (20mm), 1" (30mm) and 1 1/2" (40mm) thicknesses

Rubber crumb filled mattress base

Promat's innovative Special Needs Mattresses design includes the following components:

1

Rubber crumb filled mattress provides excellent softness and repetitive force absorption due to 3 primary factors: the softness of the crumb rubber, the shape of the crumb rubber, and the spaces between each piece of crumb rubber.

2

Comfort Pad, a high density and durable European memory foam, is layered atop the rubber crumb filled mattress to provide an unsurpassed level of softness, cushion and comfort. Available in 3/4" (20mm), 1" (30mm) and 1 1/2" (40mm) thicknesses.

3

PROMAT's patented natural rubber-impregnated (HRC) polypropylene top cover deliver industry-leading flexibility and footing stability, all the moisture protection of solid rubber without the slipperiness or tendency to dry and crack, all while providing an easy-to clean surface, long-life durability and unsurpassed comfort for your cows.
